<sup>5</sup>“Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment. “Graduates unavailable for employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

<sup>6</sup>“Graduates employed in the field” means graduates who are gainfully employed in a single position for which the institution represents the program prepares its graduates, beginning within six months after a student completes the applicable educational program.

For occupations for which the state requires passing an examination, the period of employment must begin within six months of the announcement of the examination results for the first examination available after a student completes an applicable educational program.

<sup>7</sup>“Placement Rate Employed in the Field” is calculated by dividing the number of graduates employed in the field by the number of graduates available for employment for each program that is either (1) designed, or advertised, to lead to a particular career, or (2) advertised or promoted with any claim regarding job placement.

<sup>8</sup>“Gainfully Employed” means the graduate is employed in a job classification under the United States Department of Labor’s Standard Occupational Classification codes, using the Detailed Occupation (six-digit) level, for which the institution has identified in its catalog and in its employment positions list required by section 94910(f)(2) of the Code that the program prepares its graduates; and  
Totaling at least 20 hours per week for 5 weeks (35 calendar days) with a statement signed by the graduate stating that he or she chose to seek part-time employment rather than fulltime employment after graduation;

<sup>9</sup>“Gainfully Employed” means the graduate is employed in a job classification under the United States Department of Labor’s Standard Occupational Classification codes, using the Detailed Occupation (six-digit) level, for which the institution has identified in its catalog and in its employment positions list required by section 94910(f)(2) of the Code that the program prepares its graduates; and  
Totaling at least 30 hours per week for 5 weeks (35 calendar days)

<sup>11</sup> The graduate is self-employed or working freelance as reasonably evidenced by, but not limited to, a business license, fictitious business name statement, advertising (other than business cards), website, or business receipts or other evidence of income from business; or an attestation signed by the graduate of self-employment or freelance work and dated after graduation.

<sup>12</sup>Salary is as reported by the student. Not all graduates report salary.
